- Hospital
- Campground
- Powerline
- Railway Line
- Water
- Forest Service Lands

DON'T USE WET TRAILS
If you are leaving prints (tire or boot), the trail is too wet to use. If you encounter muddy spots, go through the center of the mud to keep the trail narrow.

STAY ON THE TRAIL
Protect plants and the homes of local wildlife by riding in the center of the trail and not cutting switchbacks.

DON'T BLOCK THE TRAIL
Move to the side of the trail when taking a break.

RESPECT
Show respect to all user groups and to the environment around you. Pick up your trash and pet waste.

BE FRIENDLY
Every user on the trail is there to enjoy the outdoors. Be friendly and expect to see other folks around every corner.
And lastly... HAVE FUN!

RIDE DIRT NOT MUD
